FINANCIAL POLICY

Name: _____

DOB: _____

We are committed to providing you with the best possible care. We are anxious to help you receive your maximum allowable benefits if you have medical insurance. In order to do this, we need your assistance and your understanding of our **FINANCIAL POLICY**. We will also be asking you to periodically update your information.

Payment for services is **DUE AT THE TIME SERVICES ARE RENDERED**, unless payment arrangements have been approved in advance by our office manager. **We accept CASH, CHECKS, MASTERCARD, VISA, and DISCOVER.** Returned checks are subject to a \$30.00 NSF FEE. Non-payment of returned checks may result in your termination as a patient of Community Health Care, Inc.

If there is a divorce involved, please remember that our policy requires that regardless of which parent is responsible for the bills, **PAYMENT IS DUE AT THE TIME OF SERVICE.** The person that brings the child to the office for the appointment is expected to make payment. As you should be able to understand, we will not get involved with divorce disputes. Please feel free to discuss this with our office manager if you have any questions.

Auto accident claims will either be paid at the time of service or be billed through your medical insurance coverage.

We will submit your insurance forms for you with a current signature on file permitting us to do so. Please remember that:

1. Your insurance is a contract between YOU, YOUR EMPLOYER, and the insurance company. We are not a party to that contract.
2. Not ALL services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services that they will NOT cover.

We must emphasize that as a provider of medical services, our relationship is to YOU, not your insurance company. While the filing of patient insurance forms is a courtesy we extend to our patients, all charges are YOUR responsibility from the date the service is rendered.

We are not providers for Workers' Comp care, and do not do any type of Workers' Comp paperwork or billing.

We realize that temporary financial problems may affect your timely payment of your account. If such problems DO arise, we encourage you to contact us promptly for assistance in the management of your account.

MEDICATION REFILL POLICY

(Effective September 1, 2016)

Currently our office receives a large volume of calls daily for medication refill requests. Our office staff can no longer safely manage this volume of phone requests. As of September 1, 2016 we have a new Prescription Refill Policy. We understand that this is a change for both you and Community Health Care.

- Please look over your medications and bring any refill requests to your upcoming scheduled appointment.
- We do require office visits on a regular basis for all of our patients taking prescription medication. The interval will vary depending on the type of medication prescribed. Please be sure you have enough medication to last until your **NEXT** scheduled visit.
- It is very important to request your prescriptions during your office visit. We will charge a fee of \$15.00 for any refill requests outside of your regularly scheduled visit.
- Please bring all your prescription bottles with you to your appointment. This is important to make sure that you are taking the correct medications and the correct doses. We will continue to take the time to carefully review your medications and provide refills at your office visit.

Thank you for choosing Community Health Care for your health care needs.

We look forward to working with you to meet your health care needs.

NOTICE:

Should you receive a prescription for a narcotic medication, this is our policy:

We DO NOT refill narcotics after office hours.

- Narcotics may not be legally shared with others or taken more often than the prescription allows. If a physician increases the dose or frequency, this change will be noted in your medical record. If you choose to change or ignore the dosing instructions, YOU MAY NOT BE ABLE TO GET REFILLS.
- If you need refills, you may be asked to sign a "Pain Management Contract".

You've Been Invited

To enjoy the convenience of Community Health Care's Patient Portal Program!

This program is FREE, and is being encouraged for all adult patients. During this program, your patience is appreciated as we trial and test the features and functionality of this system.

You will be able to:

- Receive email reminders of upcoming appointments and request non-urgent appointments
- See the results of tests ordered from the office and view provider comments on the tests
- Send and receive messages from and to your doctor or nurse practitioner

Other exciting features will be available as soon as they are operational.

When you connect to the Portal, you are NOT connecting to our actual office computer system, but to a secure website hosted elsewhere. Only very limited amounts of your information are stored in the portal. The Portal "talks" to our office computer system approximately every ten minutes.

Here's how it works:

1. Our staff will enter your email address into our system in the office, and an e-mail will be sent to you with your user logon name and password. Or if you prefer, this info can be given to you at our office.
2. You will receive an email message from "reminders@clinicalworks.com" anytime there is a message for you on the portal. Do not reply to this email! It does not go back to your provider's office! You will never be asked to provide personal information from these emails.
3. Within three days, go to www.chci.com, our practice website, and click on the patient portal icon.
4. Enter the user logon and password from the e-mail you received.

5. "User validation" window will appear the first time you use the Portal ONLY. Fill in one field and click Submit.
6. The next screen allows you to pick a better password and a clue should you forget your password.
7. The final screen for first time users is a consent form. Read and click the box to confirm you have read it. This is the end of the "red tape"

8. **The next box you will see is the WELCOME PAGE.** On the left, you will see menu of the options available. As time passes, we will activate more features.
 - a. **LAB/DIAGNOSTIC IMAGING:** Any labwork you might be looking for is listed in LABS/DIAGNOSTIC IMAGING, also along the left margin. Click on the NAME of the lab test to see your results and any comments from the provider.
 - b. **VISIT SUMMARY:** You can also get copies of your "homegoing instructions"/visit summary on the website.
 - c. **APPOINTMENTS:** You can also look at "Current Appointments" to see when your next appointment is, and in "Past Appointments" to see dates you were seen in the office.
 - d. **ASK DOCTOR:** You can send a NON-EMERGENCY message to your doctor, and receive messages from your health care provider.
 - e. **EDUCATION:** Your provider can send you educational materials regarding your health.

You can log in anytime you want. Your confidentiality is important to us, and your data is secure. You will have access to your medical history, summaries of past visits, lab and diagnostic imaging results, online messages from your health care provider, and reminder messages about important preventive care you may need. You can print out any screen from your own computer.

Should you have any difficulty with the portal, please call our office and we will assist you.

Got a SMART PHONE? Get

Your Web Portal on your phone!

1. Download Healow App for FREE from your online iPhone or Android Store.
2. Put in your Portal User name and password to register, and create an easy to use code.
3. Check your meds list---remove any you are no longer taking. You can also set alarms to remind you to take meds.
4. Goals and trackers for weight and exercise are available!
5. You'll have access dates of upcoming appointments, messages from doctor, lab results, etc.
6. You can also link family members and Portal from other specialists who support Healow.
7. Handy tutorial for use included in the Healow app.

Great for minor emergencies, and handier to use than going to a computer for access to your Portal. Easy communication with our office, and no busy signals!
